**About OJBD**

Open Journal of Big Data (OJBD), an open access and peer-reviewed online journal, publishes original and creative research results on the field of Big Data. OJBD distributes its articles under the open access model. All articles of OJBD are fully open access and online available to readers free of charge. Accepted manuscripts are published online immediately. OJBD publishes regular research papers, short communications, reviews and visionary papers in all aspects of Big Data. There is no restriction on the length of the papers. Full research papers and short papers should not be less than 6,000 and 4,000 words respectively.

**Scope**

OJBD expects original, high-quality papers in all aspects of Big Data.
