ABOUT OJWT
Open Journal of Web Technologies (OJWT), an open access online journal, publishes original and creative research results on web technologies. OJWT distributes its articles under the open access model. All articles of OJWT are fully open access and online available to readers free of charge. Accepted manuscripts are published online immediately. OJWT aims to provide a forum for sharing and exchanging ideas, experiences and research results among scientists and practitioners of web technologies. OJWT publishes regular research papers, short communications, reviews and visionary papers in all aspects of web technologies. There is no restriction on the length of the papers.

SCOPE
We invite submissions on all topics of the web, including but not limited to:
- Web 2.0
- Web Science
- Semantic Web
- XML technologies
